

Bayles

★ Continued From Page 1

State Police Sgt. Chester Inlow worked as a team yesterday checking new information.

A Mercury found Friday on the city's Westside still is being checked but appears to have no connection to the Bayles case, police said.

Mike was slain after he was abducted while delivering The Indianapolis Star in the first block of Harris Avenue on the Westside. Rewards totaling more than \$6,000 have been offered in the case.
